Welcome to the world of Stayhot.

We manufacture functional, elegant & reliable food warming products that stand the test of time. We strive to achieve the very highest standard & quality in everything we create.

To ensure this, our strip heaters & heat lamps are manufactured with precision in our Swedish factory.

We combine our own production with a carefully curated range of products from trusted partners throughout Europe and beyond.

A family owned business with over 30 years experience in the industry, we aim to continue the legacy of providing high quality products for demanding kitchens long into the future.
